With this special report, you can tap into 150+ pages of proprietary market research that reveals critical data and information about key business trends affecting the anatomic pathology market.

- More than 100 charts and graphs
- Industry size and growth rates
- Medicare claims data for 37 key pathology codes
- Liquid Pap and HPV test trends and pricing data
- In-office histology lab trends
- Detailed analysis of the pharmacogenomic market
- Digital pathology market size and trends
- Medicare and managed care reimbursement stats
- Projections for the anatomic pathology market, 2017-2020

Condensed Table of Contents

1: Anatomic Pathology Market Size & Structure

- Anatomic Pathology Market Size, 2005-2016
- Top 25 Histopathology Labs in the United States
- Percentage Market Share by Pathology Subspecialty, 2016
- Part B Carrier Biopsy Procedures, 2010-2015

2: Medicare Claims Trends

- Part B Expenditures for 37 Key Pathology Codes, 2008-2015
- Part B Claims Volume for 37 Key Pathology Codes, 2008-2015
- Fastest Growing Tests by Medicare Expenditures, 2008-2015

3: The Cervical Center Screening Market

- Lab Revenue for Cervical Cancer Screening, 2000-2016
- Market Share by Lab Company, 2016
- Top 25 Women's Health Labs

4: Pharmacogenomics

- Part B Carrier Spending on Pharmacogenomic Testing, 2008-2016
- Cancer Drug vs. PGx Test Cost Comparisons
- U.S. Oncology Drug Sales, 2011-2015
- Top 25 Molecular Labs for EGFR, KRAS, BCR/ABL and BRCA Testing

5: Digital Pathology

- Adoption Trends in Digital Pathology
- Market Size and Growth for Digital Pathology, 2006-2016
- Top 25 Labs in Digital Pathology

6: In-Office Pathology Labs

- Number of In-Office Pathology Labs Certifications in 2016
- Top 30 Urology Groups with In-Office Pathology Labs
- Top 25 Gastroenterology Groups with In-Office Pathology Labs
- Top 20 Dermatology Groups with In-Office Pathology Labs

7: Reimbursement Trends

- Medicare Reimbursement for CPT 88305, 1999-2017
- Medicare Reimbursement Changes for Key AP Codes, 2017 vs. 2016
- Key Pathology Rate Changes for 2017
- Average Price per Requisition at Aurora Diagnostics, 2011-2016

8: Mergers & Acquisitions

- Pathology Lab Valuation History, 1993-2016
- Lab Valuations Based on EBITDA
- Quest and LabCorp Spending on Acquisitions
- Pathology Lab Deals Completed in 2016-June 2017

9: Outlook for Anatomic Pathology

- Anatomic Pathology Market Size, 2005-2020
- The Biggest Challenges Facing Pathology Groups
- The Biggest Opportunity in Anatomic Pathology
- Top 25 Molecular Oncology Labs

Appendix: Profiles of 12 of the Biggest Pathology Lab Companies (Aurora Diagnostics, Quest/AmeriPath, Bio-Reference Labs, CellNetix, LabCorp, Miraca Life Sciences, Myriad Genetics, NeoGenomics, Path-Group, Poplar Healthcare, ProPath Services and Sonic Healthcare).

The Laboratory Economics Difference

The business of pathology is changing fast. Ongoing consolidation, pharmacoeconomics, new managed care contracting efforts, electronic medical records and consumer healthcare are all reshaping how pathology groups and labs do business. Constant change means constant decision-making. Choosing the best path to the future depends on two critical factors: quality of information and insightful analysis. *The U.S. Anatomic Pathology Market: Forecast & Trends 2017-2020* can help you make educated decisions. You'll get an insider's market expertise combined with the objectivity of an outsider for the best possible insight into the pathology market's competitive dynamics.

Our Research Methodology

The U.S. Anatomic Pathology Market: Forecast & Trends 2017-2020 includes data gathered the old-fashioned way— through primary research. The estimates and market analysis in this report have been built from the ground up, not by regurgitating stale numbers from old reports. Proprietary surveys and extensive interviews with pathology groups, commercial lab executives, hospital lab directors, and respected consultants form the basis of this report. And no stone has been left unturned in our examination of the CLIA database, Medicare test volume and expenditure reports, Securities & Exchange Commission filings and company annual reports.
